Wiley Online Library e-Books Collection

If you have explored the OhioLINK Electronic Book Center (EBC) recently, you may have noticed that OhioLINK has purchased a large collection of 2012 - 2014 scholarly and professional e-books from the publisher Wiley. New titles are being added to the Wiley Online Library at the rate of approximately 100 per month.

WILEY ONLINE LIBRARY

In some cases, the online edition is available to you even before the print edition has been published. Find Wiley's professional monographs relevant to your work using these step-by-step instructions:

1) **Begin** from our State Employee Resources page: http://library.ohio.gov/Marketing/StateEmps
2) **Select** the **Electronic Book Center**—*it is the third link under the OhioLINK logo*
3) **Log in** with your name, the State Library of Ohio as your institution, and the last nine digits of your State Library card number
4) **Choose** Wiley Online Books from the *Other E-Book Collections* group. This will bring you to the OhioLINK 2012-2014 collection of Wiley e-books.
5) **Select** a topic below *What can I see in my library?*
6) **Choose** an e-book title

Once you've chosen an e-book to view, look for an open lock icon next to the title, which means that you can see the complete text. Search within the contents of the book, or click on individual chapters to read, download, or print them in PDF format. You can register a profile to save titles and searches and to create email alerts in topics of your choice.

If you are an experienced user, or know the e-book title you are looking for, then you start from the library catalog search box. Wiley e-book titles are included in searches of the State Library or OhioLINK catalogs. OhioLINK plans to add its Wiley Online Library e-book collection to the A-Z database list in the near future. Check back often as new titles will continue to be added through 2014.
